

## Donor Spotlight – John Kudner

President, Art Moehn Chevrolet-Honda

For many years, John Kudner has been a quiet supporter of the Jackson YMCA. Kudner, the president of Art Moehn Chevrolet-Honda the past 25 years, has long been invested in the Y's role in improving the health and well-being of the Jackson community. Kudner is a former member and past president of the YMCA Board of Directors and served as the search committee chairman when Rick Wilson was selected as CEO in 2012.

"It's an organization I feel is deserving of support," said Kudner, who enjoys working out at the Y and has been a member for nearly 30 years. "The Y serves so many different people of different ages and economic backgrounds."

Art Moehn Chevrolet-Honda is family owned business that has been serving Jackson since 1962 and is a leading sponsor of many community events. Notably, Art Moehn has been the premier sponsor of the Jackson YMCA Turkey Trot, which last year drew over 1,000 participants. Through events like these and contributions to the capital campaign and the annual Strong Kids Strong Communities campaign, Kudner continues to show his support for the Y.

"I knew the Y was something I wanted to join," said Kudner. "It is so valuable to the community."
